

Creating a Reservation – Goods Issue for Assets

Use

This activity is performed to create a reservation for GI for Assets.

Procedure

1. Access the transaction using any of the following navigation options:

| | |
|-------------------------|---|
| SAP menu | <i>Logistics → Materials Management → Inventory Management → Reservation → Create</i> |
| Transaction code | MB21 |

2. On the **Create Reservation Initial Screen**, make the following entries:

| Field Name | User action and values | Comment |
|------------------|-------------------------------|---|
| Base Date | Current Date | Specifies the date for which the goods movement is planned |
| Movement Type | 241 – GI for Asset | Enter the code of the required movement type or choose a movement type from the list of possible entries. |
| Plant | Choose from the dropdown list | Code of the plant that will receive or issue the goods. |
| Reference | | |
| Reservation | | If you enter the number of an already existing reservation, certain data from that document will appear as default values in the reservation that is to be created. |

Create Reservation: Initial Screen

The screenshot shows the 'Create Reservation: Initial Screen' in SAP. At the top left, there is a 'New Item...' button. Below it, the 'Base date' field is set to '09/12/2012' and the 'Check against cal.' checkbox is checked. The 'Movement Type' field is set to '241' and the 'Plant' field is set to 'BP02'. These three fields are enclosed in a red rectangular box. Below this, there is a 'Reference' section with a 'Reservation' field that is currently empty and has a magnifying glass icon to its right.

3. Press **Enter** key.

4. In the **Create Reservation: New Items screen** make the following entries:

| Field Name | User action and values | Comment |
|-----------------|------------------------|---|
| Asset | Required | Number identifying (together with the (asset) sub-number) an asset in Asset Accounting. |
| Goods Recipient | | Specifies the recipient for whom the material is destined. |
| Items | | |

| | | |
|----------|-------------------------------|---|
| Material | Choose from the dropdown list | Code of the material that you want to reserve. |
| Quantity | Numeric value | Enter the quantity to be moved in any unit of measure for the material. |
| Sloc | Choose from the dropdown list | Storage location at which the material is stored. |
| Batch | Choose from the dropdown list | Batch or valuation type of the material that is to be ordered. |
| M | Tick Box - Uncheck | If you want to prevent a goods movement in respect of this reservation item, you must deselect the field. If you want to allow a goods movement in respect of this reservation item, select the field. |
